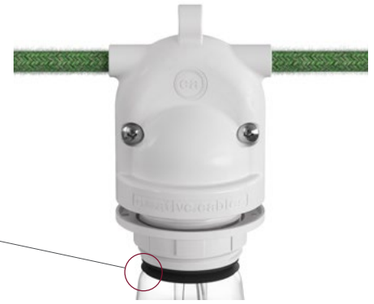
MEMBRANE GRIPPING THE BULB



DESIGNED FOR OUTDOOR, PERFECT FOR INDOOR.

The EIVA lighting system is designed, engineered and patented by Creative-Cables and will allow you to illuminate outdoor spaces like gardens, patios and terraces but also as lighting solution for the bathroom, without having to worry about water splashes.

EIVA components

Configure your EIVA system by choosing the components that best suit your needs. IP65 single entry lamp holders can be purchased naked or with a soft touch silicone cover: perfect for single pendants or wall lamps.
The multiple entry IP65 components (Eiva 2 and Eiva T) allow to create solutions with several light sources, distributed over a wide range and connected by an EIVA cable. The IP55 soft-touch silicone ceiling rose and the IP44 plug will allow you to complete your lighting using a wall connection or a socket.
